

Catch-Up Premium Expenditure 2017-18

In previous years students have started at secondary school with a National Curriculum KS2 level in English and Maths and this was used to determine which students were eligible for catch-up premium. Students in Year 7 now begin at Abbey Grange C of E Academy with a KS2 scaled score, representing how they have performed in Maths, English reading and English grammar, punctuation and spelling at the end of Year 6, and Abbey Grange C of E Academy is now free to choose which students the Catch-Up Premium is spent on. Therefore, for 2017-18 (as for 2016-17), students with a KS2 scaled score of less than 100 in both Maths and Reading will be baseline tested as they arrive and will receive additional literacy and numeracy intervention so that they perform in line with their Abbey Grange C of E Academy and national peers.

What is Catch-Up Premium?

The literacy and numeracy catch-up premium gives schools additional funding to support Year 7 students who did not achieve the expected standard in Reading or Maths at the end of KS2. In 2017- 18 schools will receive the same overall amount of Year 7 catch-up premium funding they received in 2016-17, adjusted to reflect the percentage change in the size of their Year 7 cohort (Abbey Grange C of E increased by 0.83%) , based on the October 2017 census. This means that Abbey Grange C of E Academy) received £15,125 for 41 students.
